Recognized and revered for its scenic beauty and its place in motorsports history, Lime Rock Park is one of the oldest and continuously operated road racing courses in the country. Since it opened in 1957, Lime Rock Park has played host to nearly every great road racing driver, car and series, establishing a rich tradition as The Road Racing Center of the East.

The Park is one of the busiest racing facilities in North America with more than 211 track days annually, drawing thousands of fans, students, racers and passionate participants year after year. Lime Rock is the only professional road course located in the affluent metropolitan area of the New York City and Boston corridor, and enjoys the highest financial demographic of any track in the country. The track serves as the East Coast base for the Skip Barber Racing School, plays host to more than 25 upscale car enthusiast clubs, offers exclusive track time to the members of the Lime Rock Drivers Club, and showcases the best amateur and world-class professional racing including the finest Historic Festival on the East Coast.

Lime Rock Park rests on 350 acres of rolling Berkshire Mountain foothills creating a natural amphitheater, delivering a truly unparalleled experience for viewing world-class racing. Lime Rock Park is just that -- a park. Fans are encouraged to bring their picnic blankets and lawn chairs to enjoy the grassy hillside viewing, an attribute unique to Lime Rock. Without being restricted to grandstand seating, fans take full advantage of complete access.

Visit the Lime Rock Park website for further information.
